

AYUSH ADEKAR

Business Development Associate | EdTech Sales & Enrollment Specialist

Location: Pune, Maharashtra | **Email:** ayushadekar09@gmail.com | **Phone:** 8788920877

Professional Summary

Target-driven Business Development Associate with strong experience in lead engagement, consultative selling, and revenue-focused customer counseling. Adept at handling high-volume outbound calling, understanding learner aspirations, and closing enrollments through clear value-based communication. Excited to contribute to House of EdTech's mission of upskilling India through AI-driven education.

Core Sales & BDA Skills

Outbound Telecalling & Lead Follow-ups | Student Counseling & Course Consultation | End-to-End Sales Cycle Management | Objection Handling & Deal Closure | CRM & WhatsApp Retargeting | Revenue Target Achievement | Customer Relationship Management | Fast-paced Sales Environment Adaptability

Professional Experience

Business Development & Growth Executive – The THREE Musketeers Group (Sept 2023 – Present)

- Conducted high-volume outbound calling and follow-ups to convert walk-ins and digital leads into paying customers.
- Consulted customers to understand needs and recommended suitable offerings, driving repeat sales and upgrades.
- Managed end-to-end sales interactions, from first contact to successful conversion and post-sale support.
- Executed WhatsApp retargeting campaigns to re-engage cold and warm leads, improving enrollment rates.
- Worked with marketing teams to align offers, pricing, and promotions with customer demand and revenue targets.
- Maintained detailed lead and customer records to ensure consistent follow-ups and relationship building.

Client & Operations Coordinator – Eloquent Engineering Works (Aug 2021 – Sept 2022)

- Acted as a single point of contact between clients and internal teams, ensuring clarity of requirements and timelines.
- Supported client onboarding, requirement discussions, and issue resolution to maintain long-term business relationships.
- Strengthened communication workflows, contributing to improved client satisfaction and repeat business.
